

First released in 1989, the ETRO fragrance collection envisages perfumes as an art of the intellect and a striking artisan alchemy that infuses timeless memories with inebriating emotions to become purely sophisticated essences.

Entirely crafted in-house, in collaboration with expert maître parfumeurs, the collection features 23 universal blends comprised of eaux de toilettes and eaux de parfumes.

The range further includes the bath line and ambient fragrances – exemplified in green and fuchsia, respectively – for a complete and enveloping olfactory journey to awaken all senses while transporting them to faraway confines and yet unexplored sensations.

In this broad and evocative range, natural ingredients take center stage wafting through zesty spices and lavish incenses towards warm woody notes intermingling with resins, herbs, and citrus fruits.

Exuding the brand's vision of flair and fascination, ETRO's fragrance collection is an immersive and caressing universe to explore, discover, and enjoy every day in ever changing ways. As the newest experience added to this choral narrative extends beyond the customary routine to deliver an inventive ritual of self-expression, different fragrances can also juxtapose and interweave like the precious threads of a beautiful fabric.

EDEN (UDAIPUR)

Udaipur encapsulates the primary inspirations of the Maison, reinterpreted them through the varied nuances of a fragrance that evokes both summer in the Mediterranean and the gardens of the Maharaja. The Sambac jasmine with its angelic and noble petals represent blessings during nuptial rites, bestowing grace, good luck and romanticism.

This fragrance is a hymn to the skill of Italian artisans, to the magic of India and the many connections between these two worlds, which over time has woven a tale of the imagination.

PALAIS JAMAIS

From the name of an ancient Moroccan palace, a perfume that visualises contemplation lost in a sacred garden, in the balmy dusk, the air heavy with oriental jasmine. A refuge for the soul where we can find, when needed, energy and equilibrium, an escape from the world and the everyday to wrap ourselves in the energy of a new spirituality.
