

The image is a full-page aerial photograph of a dense evergreen forest. The trees are a deep, vibrant green, and their canopy creates a textured, almost patterned appearance. A horizontal, semi-transparent grey band runs across the middle of the image, serving as a background for the text.

LABOTTEGA®

SUSANNE KAUFMANN

Susanne Kaufmann was born and raised in Bezau, Austria.

She is the fifth generation to own and manage Hotel Post Bezau, a family run hotel and spa that shines a light on holistic wellness and preventative healing rituals, for long term health.

When Susanne took over the spa, she was looking for the perfect skincare solutions for the spa's advanced treatments: skincare that was as natural as possible, but also truly effective. When she could not find what she was looking for, she set out to launch her own brand, and in 2003, Susanne Kaufmann skincare was born.

Today, Susanne Kaufmann is a global skincare brand, and Susanne continues to pioneer and innovate as its founder. In doing so, she remains humble, warm and true to her heritage.

Founded upon an Austrian heritage that is deeply rooted in the practices and traditions of holistic wellbeing and self-care.

Authenticity and transparency are key, and rather than follow trends, she sets her own. The world of Susanne Kaufmann is open and inviting, sharing and encouraging people to experience the rich heritage of the brand.

Sustainability has been at the heart of the brand since the very beginning in 2003, recognising a responsibility to operate in a conscious, environmentally friendly manner.

Susanne built the brand on these sustainable principles. She is a pioneer and ahead of her time.
