FALL 2024

## A caring heart is key to living a beautiful life.

Whether it's caring about those who enter your home, caring for the community you live in, or caring about how your home looks and feels, we know your heart...and we love it. That's why for nearly 50 years now our family-owned business has been making quality products with a purpose. Each product is made in the U.S.A. and proudly trusted in the homes of over 90 countries worldwide.

Every time you welcome Greenleaf into your store, you are helping to break the cycle of human trafficking. Through Greenleaf Cares, 3% of every purchase supports organizations committed to bringing beauty from ashes and restoration from hurt so that everyone can live beautifully.

Welcome to the Greenleaf family, where we proudly wear our hearts on our sleeves. We can't wait to help you celebrate occasions big and small, and turn your home into a beautiful, welcoming space filled with fragrance, warmth, and meaning.
